1. University of Southern Denmark, 2. University of Stirling, 3. FAPESP, 4. DBT/Wellcome TrustIndia Alliance

The INORMS Working Group has initiated a sub-project, with the aim to develop support and services for new and emerging associations for research managers and administrators. This presentation outlines the background and status of the project, presenting preliminary results and case-studies from upcoming and new associations from Finland, Brazil and India. The presentation will present the scope of the project, and the wider implications for the profession and its constitution.
